SABLE

Spray, Dropper & Refill Handpiece Lubricant and Cleaner

Cleans and Maintains as it Lubricates

Synthetic Multi-Use Dental Handpiece Lubricant, will not break down in sterilization temperatures.

- Top of Class: Independent testing of bearing scar size with top dental lubricant brands proves Sable EZ Lube is the best Lubricant and Cleaner with results 150-250% better than major competitors!
- Sable EZ Lube Dropper: Features a unique needle nose to better access those tough to reach spots on your handpieces. Ideal for handpiece repair techs and those wanting top notch slow speed care.
- Quality: Food grade synthetic, aerospace industry level lubricants.
- Great Value & Price: Best possible handpiece lubricant at 20-30% cheaper than top brands.

EZ Lube Best in Class
